

Implementing Providers: Activating a Behaviour Support Plan and lodging evidence of authorisation

Quick Reference Guide

This guide outlines how to use the **NDIS Commission Portal** to activate behaviour support plans and lodge evidence of authorisation.

See our other quick reference guides:

- Implementing Providers: Monthly Reporting on the use of restrictive practices

Accessing the NDIS Commission Portal

Step 1: Obtain a PRODA account

To access the NDIS Commission Portal, you will need a PRODA account. For instructions, see the [Quick Reference Guide: Getting access to NDIS Commission Portal](#).

Step 2: Self-request access role

Authorised Reporting Officer (ARO) role

Once you have your PRODA account, login to the NDIS Commission Portal and request access for 'Authorised Reporting Officer' (ARO). This role is approved by the Authorised Access Delegate role within your organisation.

The screenshot shows the 'Portal entry point' section of the NDIS Commission Portal. It includes a header 'Portal login / Authorised Access Delegate login' and a note 'All fields marked with an asterisk'. Below this is a prompt: 'Select the provider / role you wish to use within the NDIS Quality and Safeguards Commission Portal - EFT35.' There are two dropdown menus: 'Provider name *' and 'Role *'. The 'Role *' dropdown is highlighted with a red box and shows 'Authorised Reporting Officer' selected. A 'Continue' button is located to the right of the dropdowns.

Tip: Any ARO can **activate** the plan by locating the plan through the **search** function, navigating to the implementing provider view, and clicking the **Activate** button (see '[Activating a behaviour support plan](#)')

Tip: Primary AROs receive tasks in the portal. This indicates when a behaviour support plan has been lodged. If you don't know who the Primary ARO is, or would like to nominate an ARO as the Primary ARO, email nqsc.ictsupport@ndiscommission.gov.au with your provider registration ID and ABN.

Tip: You may have multiple access roles in the NDIS Commission Portal. It is important that you are logged in as the ARO role when activating behaviour support plans and completing monthly reporting. If any of the buttons referred to in these instructions are not visible, you may be logged in under a different access role. Check this first before contacting the NDIS Commission for help.

Note:

- This access role also allows a user to **activate** behaviour support plans and to enter monthly reports about the use of regulated restrictive practices outlined in the behaviour support plan.
- The Admin role cannot submit monthly reports; only the ARO role can do this.
- This role is approved by the **Authorised Access Delegate** within your organisation.

Activating a behaviour support plan

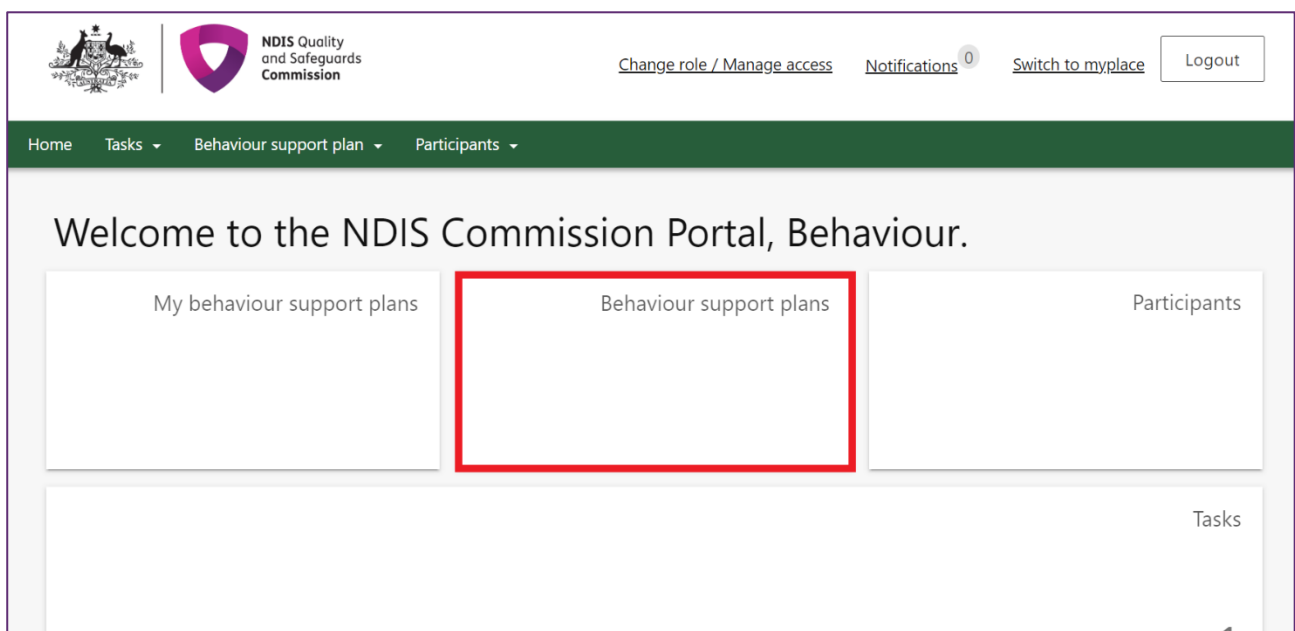

Once the behaviour support plan is lodged in the NDIS Commission Portal by the specialist behaviour support provider, the implementing provider needs to

- Activate the plan,
- Lodge evidence of authorisation in the portal and
- Complete monthly reports on the use of the restrictive practices.

To do this, follow the steps below.

1. View the plan

1.1. Select the **Behaviour Support plans** tab

- 1.2. Search for the participant using the Plan ID or participant's name and click **Run search**. The results will be displayed at the bottom of the screen. Select the plan and click **View**.

Tip: The search engine is sensitive, so it is important that the spelling of the person's name is accurate.

The screenshot shows the NDIS Quality and Safeguards Commission portal. At the top, there is a navigation bar with the logo, 'Change role / Manage access', 'Notifications 0', 'Switch to myplace', and 'Logout'. Below this is a breadcrumb trail: 'Home > Tasks > Behaviour support plan > Participants'. The main heading is 'Search behaviour support plans'. The search form includes the following fields:

- Id:** Text input field.
- Type:** Dropdown menu with 'Please Select'.
- Status:** Dropdown menu with 'Please Select'.
- Person first name:** Text input field.
- Person last name:** Text input field.
- NDIS number:** Text input field.
- BSP organisation:** Text input field.
- BSP practitioner:** Text input field with a 'Select' button.
- State:** Dropdown menu with 'Please Select'.
- Start date: dd/mm/yyyy:** Date picker.
- End date: dd/mm/yyyy:** Date picker.
- Created date: dd/mm/yyyy:** Date picker.
- Review date: dd/mm/yyyy:** Date picker.

At the bottom left, there is a link: [Return to behaviour support plans](#). At the bottom right, there is a red button labeled **Run search**.

- 1.3. Click **Person details** and check it is the right person.
- 1.4. Click **Details and** check the start and end date of the plan.
- 1.5. Click **Schedule of restrictive practices** and check that all restrictive practices being used are listed accurately, including matching the information contained within the attached behaviour support plan. If they are not correct, **do not activate the plan** and contact the specialist behaviour support provider.

1.6. Click **Attachments**. A copy of the behaviour support plan is located here. If there are no attachments, contact the specialist behaviour support provider. The specialist behaviour support provider is required to attach a copy of the plan as part of the lodgement for interim and comprehensive plans, and a copy of the functional behaviour assessment as part of the lodgement of the comprehensive behaviour support plan.

Tip: The behaviour support plan may be attached under the assessment section if it cannot be located under the attachments section.

The screenshot displays the NDIS Commission Portal interface. On the left, a navigation menu is visible with several items highlighted in red: 'Person details', 'Details', 'Schedule of restrictive practices', and 'Attachments'. The main content area shows a summary of a behaviour support plan, including a 'Report due' date of 17 days, a 'Provider list' section with the message 'There are no providers.', and a 'Quick links' section with five links: 'Behaviour support plan templates', 'User guides', 'Regulated restrictive practice definitions', 'Positive Behaviour Support Capability Framework', and 'Resources for Positive Behaviour Support'. The top right corner shows the 'Created date' as 13/09/2023 and the 'Behaviour support practitioner' as 'Behaviour Support'.

Tip: If there are any errors in the behaviour support plan, **do not activate the plan** and contact the specialist behaviour support provider.

If the plan status is **'Pending'** the specialist behaviour support provider is able to change the status back to **draft** and rectify the error.

Note: Once you click the **activate** button and the plan status is **'Active'**, changes cannot be made to the plan. Therefore, it is important that this stage is used as a check point, and the plan is reflective of your organisation's use of the regulated restrictive practices.

2. Attach evidence of authorisation (where applicable) and activate the plan

- 2.1 Click **Schedule of restrictive practices** from the left-hand side navigation menu.
For each restrictive practice, click the **Actions** button and then then click **Update**.

Behaviour support plan

Person:
Type: Comprehensive
Status: Active
Behaviour support practitioner:

Overview
Person details
Key contacts
Details
Implementing providers
Assessments
Behaviours of concern
Schedule of restrictive practices
Monthly reporting of restrictive practices

Restrictive practices

Implementing providers are required to submit a monthly report on restrictive practice use. Select 'Monthly reporting of restrictive practices' from the left hand menu to create a report

Find: Please Select
Search: Run Search Add

Provider business name	Administration type	Restrictive practice type	Restrictive practice sub-type	Is authorisation and consent required?	Have authorisation and consent been received?	Actions
	PRN - as required	Environmental Restraint		Yes	Yes	View Update

Select Format, Press Export, and Save Download
Format: Comma Separated Values (CSV)

- 2.2 It is the role of the implementing provider to
- Obtain authorisation for the use of each restrictive practice.
 - Update the authorisation information and,
 - Attach the evidence of authorisation.

These fields can be updated by the ARO or the Behaviour Support Reporting Admin, even when the plan is active.

Authorisation

Is authorisation and consent required?*: Yes
Have authorisation and consent been received?*: Yes
Status: Authorised

Authorisation and consent received from: Authorising Body
Authorisation start date: 09/10/2019
Authorisation end date: 30/10/2020

Attachments

Add attachments, including evidence of authorisation if required.

Add attachment

Name	Document type	Date uploaded	Type	Size	Uploaded by	Actions
Evidence of authorisation for John Citizen PRN medication	Restrictive practice auth.	22/05/2020	docx	12,836	BLDEV_EW317555	View Update

Discard changes and return
Save and return

Tip: All States and Territories should use 'Authorising Body'. QLD may select 'Guardian' as required in accordance with state authorisation process (however described).

Authorisation and consent received from:

|

Authorising Body

Guardian

2.3 To lodge the evidence of authorisation, scroll down and click **Add attachment**.

Tip: If you have not yet received written evidence of authorisation you can come back and update these sections when you have received it.

If authorisation has not been obtained, it is also a reportable incident (**unauthorised restrictive practice**). This means that if the plan has been activated, monthly reporting on the behaviour support portal will be required as well as URP reporting obligations.

2.4 Attach evidence of authorisation. Select **Restrictive practice auth. or Authorisation Document** as the 'document type' and click **save and close**. Attach evidence to each restrictive practice listed. Note: the 'Description' field is not mandatory.

Add/update attachment details

Select the file to be uploaded

Document type:*
Restrictive practice auth.

Description:

Discard changes and close

Save and close

2.5 Once all details have been reviewed, click **Implementing Providers** in the left-hand side navigation menu and click **Activate**. The plan status will become active and is now ready for reporting.

Tip: if there are multiple Implementing providers, the behaviour support plan status may show as **'partially active'** if the other provider/s has not yet activated the plan.

The screenshot shows the 'Behaviour support plan' interface. On the left, a sidebar contains navigation links: Overview, Person details, Key contacts, Details, and **Implementing providers** (highlighted with a red box). The main content area is titled 'Implementing providers' and includes a table with columns: Primary provider, Registration Id, Legal name, Business name, ABN, and Review date. An 'Activate' button is visible in the top right. Below the table, there is an 'Export' button and a 'Service locations' section with an 'Add' button.

The provider must notify a specialist behaviour support provider if there has been a change in the participant's circumstances that requires the behaviour support plan to be reviewed. Changes cannot be made to an active plan; a new plan will have to be lodged.

Tip: If authorisation is no longer required for a regulated restrictive practice that is detailed in the active plan (i.e., the restrictive practice has ceased, or the practice is not regulated due to evidence of primary purpose of medication), this can be updated under the schedule of restrictive practices. Select **Actions** and then click **Update**. Select **'No'** from **'Is authorisation and consent required'** and click **save and return**. **Attach evidence in Attachments**.

2.6 Refer to **NDIS Commission Quick Reference Guide: Monthly Reporting on the use of Regulated Restrictive Practices** for instructions on how to submit monthly reports.

Plan status definitions

Draft	<p>This means that the behaviour support practitioner is developing the plan.</p> <p>The Implementing Provider cannot view the plan when it is in draft status. When the practitioner clicks 'send draft' from the Details tab on the left-hand side of the page the status will change to 'pending'.</p> <p>Best practice is for the practitioner to contact the implementing provider/s to advise the plan has been lodged on the Commission portal.</p>
Pending	<p>This means that the plan has been lodged by the behaviour support practitioner.</p> <p>An implementing provider cannot complete monthly reporting when a plan has a status of 'pending'. The plan must be 'active' to complete monthly reporting.</p> <p>If changes need to be made when a plan has a status of 'pending', the practitioner can change the plan status back to 'draft', make the necessary amendments and then change the status back to 'pending'.</p>
Active	<p>This means that the behaviour support plan has been activated by the implementing provider.</p> <p>No changes can be made to an active plan. A new plan will have to be lodged. To save time, a copy of the plan can be made by going to the Details page and clicking the Copy button.</p>
Partially Active	<p>This means that there is more than one implementing provider.</p> <p>The status will show as 'partially active' until ALL implementing providers have activated the plan. Implementing Providers that have activated the plan can commence monthly reporting</p>
Closed	<p>This means that the behaviour support plan has been closed and no changes can be made to the plan.</p> <p>Behaviour support plans cannot be re-activated once they have been closed. If a plan has been closed in error, it will need to be re-lodged. A new behaviour support plan will need to be lodged if one is required.</p> <p>Monthly reporting will also cease against this plan and any further reporting will need to be completed through the reportable incidents function on the portal until a new plan with authorisation is in place.</p>

Expired

This means the end date of the behaviour support plan has been reached.

Monthly reporting can be completed on a plan with an 'expired' status. This function is useful when an implementing provider is awaiting a new plan to be uploaded onto the NDIS Commission Portal.

Comprehensive behaviour support plans must be developed within 6 months of being engaged and comprehensive behaviour support plans must be reviewed every 12 months or if there is a change in circumstances that requires the behaviour support plan to be amended
